

Picture Perfect Beauty Tips

1. Take off eye glasses 30 minutes before pictures to avoid indentation's on your nose.
2. Foundation should match your skin color and be blended carefully 2 fingers below your jaw line.
3. Use an oil-free foundation to avoid extra shine
4. Use appropriate shades of concealer and powder; too light and you will appear washed out!
5. Have pressed powder on hand for touch ups during pictures because the flash will accentuate shine!
6. Blend all makeup very well! Hard lines will be accentuated on film.
7. Get your face in shape: Use the Miracle Set twice a day for maximum benefits.
8. Use Intense Moisturizing Cream or Oil Free Hydrating Gel to make your facial skin supple and radiant.
9. Use natural, matte colors in your makeup; use beautiful soft colors, not dramatic darks on wedding day.
10. To take your hands from dry to soft and smooth by using Satin Hands prior to the big day!
11. For the best application possible use professional brushes rather than sponges to apply your color.
12. Match your level of glamour in your makeup with the style of your dress.
13. Use an oil mattifier early in the day to ward off excess oil and unwanted shine later in the day.
14. Use Beauty Blotters to absorb excess oil and unwanted shine without ruining your makeup.
15. Use a matte lip color; steer clear of ultra shiny or frosted lip-glosses!
16. Use Satin Lips prior to application of lipstick to get rid of dry, cracked lips.
17. Use Lip Outliner Pencil to prevent lipstick from bleeding & feathering.
18. Color in entire lip with lip liner, color will stay on longer and stay truer longer.
19. For pouty, seductive lips, apply a small dot of gloss to center of mouth.
20. Use Indulge Soothing Eye Mask to soothe and calm puffy eyes from a sentimental night.
21. An eyelash curler will help accentuate your eyelashes (use before mascara to avoid breaking lashes!)
22. Eyebrows tweezed and shaped as well as be filled in with a smudge proof pencil.
23. Brush eyebrows upward and outward to lift the eye, spray brush with hairspray and they stay put!
24. Use eye drops before applying eye makeup.
25. Use a water-resistant or water proof mascara and mink your eyelashes for the best results.
26. Use a thin line of eyeliner, stay away from heavy lines and black liners; they will close your eyes.
27. Apply matching shadow over eye liner to soften and provide staying power.
28. Use a little more blush than normal for your pictures to give you that 'glowing bride' look.
29. Use a powder blush; you have more control over how much is applied and it is easier to freshen up!
30. Natural on the nails...sheerest pinks or French manicure on brides nails.
31. Apply an extra top coat the morning of the wedding to protect your beautifully manicured nails.
32. Bridesmaids should wear coordinating nail colors.
