

BE A HOLIDAY CONSULTANT

AND EARN SERIOUS CASH WORKING
VERY PART TIME OCT-DEC

● CHOOSE YOUR START UP OPTIONS

\$35-\$170 depending on which option you choose

● INVEST IN INVENTORY

This is optional but highly recommended-the eye buys!

● CONNECT WITH YOUR SALES DIRECTOR TO LEARN HOW TO BOOK AND HOLD PARTIES/VIRTUAL EVENTS

● HOLD A LEAST 2 EVENTS A WEEK

This can be in person (approx. 2 hours) or on zoom or facetime (approx. 1 hr.) you don't even need to leave your house!

● DO THE MATH

A totally realistic goal for sales at a party is \$250. If you hold 1 party/wk (3-6 people) with average sales of \$250 per party and one facial/wk (1-2 people) with average sales of \$50, you could sell \$300 per week. If you sell \$300 per week for 12 weeks (Oct-Dec), you've sold \$3600. Half of that will go to paying back your initial inventory investment, and let's say you use 10% for business expenses (hostess gifts, etc.) Left over, you've got just about \$1500 to spend on your holiday festivities for working less than 5 hours per week!
