## DIRECTIONS:

Shop for the baking cups first, so that you can coordinate colors for the cupcake wrappers. Remove all tags from the socks. Lay them flat, one on top of the other. Beginning at the toe end, roll up the socks, keeping the “non-heel” edge even as you roll. Place a rubber band on the lower half of the sock roll to secure it. One edge of the sock roll will be flat; that is the bottom of your cupcake. Set the cupcake on its bottom. Using your fingers, pull on the top edges of the cupcake to make the edges of the sock look like swirls of frosting. Start gently pulling up on the middle of the sock rolling upward to make a slight peak and work down from there. If you pull the “frosting” too high, smash it down with your hand until you get the look you like. Place rolled “cupcake” socks in baking cup and insert lip balm like a cherry in the center to top your cake. You can even hot glue a red pom pom on the top to look like a cherry! Use coordinating ribbon and make a bow to adhere to the wrapper front. You can use buttons, snowflakes, flowers or stamped tags to decorate your bow. For a finishing touch, place your cupcake in a clear cellophane bag and tie the top with coordinating ribbon.
