

Relax and Unwind

PAMPER YOUR SKIN WITH THIS MULTITASKING SPA SET

TimeWise Moisture Renewing Gel Mask instantly hydrates and locks in moisture. Skin appears less stressed and feels purified, nourished, calmed, firmer, smoother and softer.

This product also helps minimize the appearance of fine lines, wrinkles and pores. It features an aromatic scent of botanical extracts including chamomile, rosewood and lavender.

Clear Proof Deep-Cleansing Charcoal Mask is formulated with activated charcoal, an ingredient so powerful it can bind up to double its weight in pore-clogging impurities. Think of it like a powerful magnet withdrawing dirt and debris from deep within pores. Plus, mineral clay ingredients, kaolin and bentonite, boost the mask's absorbency. You'll love how the mask soaks up excess oil to deliver a smooth, matte appearance.

Mary Kay 2-Step Hydrating Sheet Mask: Replenish your skin's moisture with conditioning ingredients and an array of skin-loving botanicals. In laboratory testing, this 2-step sheet mask retained over 100% of its dry weight in moisture. Reap all the hydrating benefits, whether you're preparing for the day, enjoying "me" time, on vacation or winding down for the evening. Try treating yourself to a much-deserved self-care session by hydrating your skin while listening to your favorite soothing sounds - refreshing yourself from the inside out.

Application Tips:

Smooth the Charcoal Mask or the Moisture Renewing Gel Mask across clean skin either using fingers or the Mary Kay Mask Applicator. Avoid use in eye and mouth areas. Do not use on irritated skin. Be pretty in pink for 10 minutes while the formula dries. Rinse thoroughly with warm water and gently pat dry. Use one to two times a week. Follow up with the rest of your skin care routine.

For the ultimate "me" time moment, pair the Charcoal Mask with Mary Kay Hydrogel Eye Patches. Position eye patches below eyes, and then smooth mask across the rest of your skin. Sit back, relax, and let the benefits skin in!

See package instructions for sheet mask.
